Our Philosophy on Food and Coffee

We believe that food should be simple, fresh, wholesome and attractive. We also know that the best foods are made from the highest quality, natural ingredients. Chef Anthony & staff proudly feature more than 86 Classic Sandwiches & more than 24 salads.

In Pursuit of Great Coffee...

We take every effort to furnish you with the finest coffee imaginable. We use only the freshest 100% Arabica beans, from a nearby **Michigan Roaster**, in brewing our coffee and espresso. We also grind the beans just before brewing & then keep our priceless Java in vacuum pots to maintain its flavor and aroma. We will often **Roast our own "House Coffee"** right on premises.

The Fabulous Panini

According to myth, the ancient god Pan, was in charge of seeking out new & exciting foods for his fellow gods to enjoy. Once, while visiting a lady friend on earth, Pan was urgently summoned back to Olympus. The gods wanted a new dish for lunch. Pan had his mortal friend throw together the simple fair she had in her cottage - bread, meat, cheese and tomatoes. But in her haste, the girl dropped her food into a smoldering hearth. To Pan's relief, the gods loved the succulent new taste. Since then, the food became known as PANINI - Pan's simple creation. Today's American Panini offers flat breads, stuffed with a variety of dressing, fillings and grilled on a unique Panini grill.

Great food you feel good about eating!
